Individual project of the National Capital Fund Plc. regarding support of venture capital funds.

The National Capital Fund's project is a part of 'Improvement of Business Environment and Capital Accessibility for Small and Medium Enterprises' measure within the framework of 'Private Sector' priority of Swiss-Polish Cooperation Programme.

The project will support venture capital funds investing in Polish SMEs at the seed, start-up or the expansion stage, especially innovative companies. Financial support granted for this measure will amount to CHF 53 million.

The objective of the Project is to increase the access of SMEs to external sources of financing. It will increase a level of investment in an innovation and will enhance competitive standpoint of Polish enterprises and economy as a whole.

The NCF's project is aimed directly to the VC funds and program's final beneficiary are small and medium enterprises.

[Please refer to How we invest](#) [2]

The project will be implemented until the year 2021, and 30% of its amount will be spent for investments in SMEs in the lubelskie, małopolskie, podkarpackie and świętokrzyskie regions.

Please refer to [Guidelines for information and promotion for program's beneficiary](#) [3]
